

## WARDEN ALLEN WILL NOT RESIGN

### Lieut. Larkin Makes Effort to Extract Confession From Campbell

## NEGRO GRINS AT EFFORTS

### Prison Head Declares Camp- bell's Testimony at Inquest Is Absurd in Parts

## ADJOURN INQUEST 'TILL TODAY

JOLIET, Ill., June 22.—Edmund Allen, warden of the state penitentiary whose wife was burned to death in her bed Sunday, tonight definitely set at rest rumors that he would resign immediately.

Warden Allen said that he would not come back and stick it out until things are cleared up. He told his deputy, "I won't live in the accused place though and I won't permit my children to live there."

Lieutenant James Larkin of the Chicago police, skilled in handling the Chicago negro law breakers, came to the penitentiary tonight and is making a last effort to extract a confession from Joe Campbell, negro house servant, suspected of having killed Mrs. Allen.

Campbell grins at efforts. Campbell so far has grinned at the efforts of the coroner's jury to entangle him in contradictions. Warden Allen declared today that Campbell's testimony at the inquest was absurd in parts.

"His statement that he took the newspapers to Mrs. Allen at six o'clock in the morning is inconsistent with Mrs. Allen's habits," said the warden. "She was not an early riser and never bothered about the newspapers until after she had arisen and eaten breakfast."

Asked him to light fire. Campbell testified that Mrs. Allen called him to bring water and to light a fire because the morning was cool. He brought the morning papers along with the water and some kindling, he said.

"She was lying in bed and said 'good morning Campbell,' as she usually did," testified the negro. "Then she said I was not to call her until nine-thirty because she was tired from the theatre the night before. She wanted to get up then because the barber was to shampoo her hair."

The inquest at one o'clock adjourned until Thursday. The interview will be utilized in searching for more evidence.

Elaborate precautions against a demonstration of convicts were taken when Campbell was called as a witness by the coroner.

May Be Recalled Later. Every prisoner, including the trustees, was locked up. Campbell was surrounded by guards who rushed him on the run through the corridors to the jury room. He was on the stand for an hour and a half and probably will be recalled later.

In a statement read to 1,300 convicts in the prison, Warden Allen announced that the tragedy will not affect the "honor system" at the penitentiary. He pleaded with the men, who yesterday had threatened violence to Campbell to uphold the honor system.

"If you want to help lighten my grief," Warden Allen told them, "be 100 per cent men."

Funeral Largely Attended. The funeral of Mrs. Allen, held this afternoon from Christ Episcopal church, probably was the largest in the history of the city.

While only immediate relatives and close friends were permitted within the church, the street was jammed by thousands both at the home of former State's Attorney W. D. Heise, where the body lay and at the church.

Scores prominent in Illinois affairs were present, the political notables were not bound by party lines. Secretary of State Louis Stevenson, Attorney General P. J. Lacey, State Auditor James J. Brady and William Sullivan, secretary to the governor represented the state. The governor was unable to be present because of urgent official duties.

The big church where the public services were held after a short ritual in the Heise home was a bower of flowers. Great wreaths fringed the sides and the casket was covered with roses. Floral offerings from both branches of the legislature and from many public officials were noticeable.

The church services consisted of the Episcopalian ritual. The Rev. T. DeWitt Tanner presided.

Points Strongly to Campbell. Chicago, June 22.—The finger of suspicion points strongly to Joseph Campbell as the murderer of Mrs. Allen.

This declaration was made by Captain Michael P. Evans, finger print expert of the Chicago police department, today, upon his return from Joliet where he had been summoned to assist in tracing down the player of Warden Allen Allen's

## SELECT JURY TO PASS ON SANITY OF THAW

### PRISONER 'BEGINS SEVENTH AT- TEMPT TO GAIN FREEDOM

If Jurors Decide in Favor of Thaw and Court Accepts, Prisoner Will Obtain Permanent Release From Matteawan.

New York, June 22.—Harry K. Thaw's seventh attempt to gain his freedom since his arrest nine years ago this month for the murder of Stanford White was begun here today with the selection of a jury to inquire as to his sanity. If the jurors decide in his favor and Justice Hendrick, presiding, who has the power to reverse their verdict, accepts it, Thaw will obtain permanent release from the Matteawan insane asylum, where he was incarcerated after being acquitted of murder at his second trial and from which he escaped in 1913.

Makes Rapid Progress. The selection of the jury occupied the entire session of the court, but its completion in one day was regarded as rapid progress when compared with the time it took to fill the jury box on the two previous occasions on which Thaw has faced a jury. Tomorrow John B. Stanchfield, his attorney, will outline his case and the taking of testimony will begin. Thaw has about fifty witnesses including a number of alienists, to prove that he is now sane and entitled to his freedom and the state also has a large number to testify against him. Among the latter probably will be William Travers Jerome, Thaw's prosecutor at his previous trials. Thaw said after the jury was completed that he was entirely satisfied with it.

"They are an intelligent body of men," he said, "and I will have little difficulty in convincing them that I am as sane as they are."

Prisoner in High Spirits. Although Thaw sat at the counsel table, he took small part in picking his jurors. On only one occasion did he overrule the opinion of his counsel and cause the challenge of a talesman. He appeared to be in high spirits and frequently joked with the newspapermen sitting nearby.

## TERRIFIC STORM STRIKES LITTLE ROCK; HEAVY DAMAGE RESULTS

LITTLE ROCK, Ark., June 22.—A terrific storm struck this city today. The wind attained a velocity of 70 miles an hour at 2:10 p. m. and the temperature dropped 22 degrees in fifteen minutes.

Heavy rain accompanied the storm. A negro was killed by a live wire torn loose by the wind. Heavy damage was done to store windows. Automobiles left in the streets were blown about by the gale.

Fort Smith, Hot Springs, Arkadelphia and Helena were cut off from communication with the city and the extent of damage in those directions was not known. Malvern was said to be struck by a tornado but efforts so far have been unavailing to determine the accuracy of the report. Wires to this point are also down.

(Malvern is a city of about 5,000 population and is the county seat of Hot Springs county.)

## CHICAGO BUILDING MATERIAL PLANT MAY BE CLOSED SATURDAY

CHICAGO, June 22.—Unless the striking carpenters have accepted arbitration by Saturday night, every mill, lumber yard, cement, brick, stone and other building materials yard and plant in the Chicago district will be shut down. This is the ultimatum announced today by E. T. Craig, secretary of the building construction employers' association. The carpenters have been on strike for more than a month. It is estimated that between 150,000 and 200,000 men will be added to the 16,000 unemployed carpenters should the building material men close their plants.

## REPORT OF CONVENTION

At the regular meeting of the Fraternal Order of Eagles this evening a report of the Springfield State meeting will be given by the delegates, George W. Davis, Harry Herling and Ralph Stringham. A resolution for the newly-elected state president Frank Correa will be held in the near future.

wife. The captain was unable to obtain any tangible clue in the way of finger impressions. Because of the number of people who visited the death chamber after the murder he found all trace of finger print evidence obliterated.

"Taking everything into consideration, I would say circumstances point to Campbell as the man who can best explain the killing," he said.

"One of the best bits of evidence against him is the blood stain on his collar. He has offered a feeble explanation for this but his statement that he cut his chin while shaving does not seem to be borne out by a physician's examination."

"Campbell has made other contradictory statements. His every action to my mind is enough to center suspicion on him."

"I made an exhaustive examination of the room in which Mrs. Allen was slain but was unable to make any photographs as all finger marks had been destroyed before my arrival."

## MILITIA CONTINUES TO GUARD SLATON'S HOME

### TROOPS ARE KEPT TO PREVENT ATTEMPTS TO DAMAGE PROPERTY

State and City Officials Anticipate No Further Trouble—Governor Receives Many Messages Congratulating Him on His Action.

Atlanta, Ga., June 22.—State troops continued tonight to guard the suburban home of Governor Slaton, but quiet prevailed there and in the city after the demonstrations of yesterday and last night by people most bitterly opposed to the commutation of Leo M. Frank's death sentence. State and city officials said they anticipated no further trouble but as a precautionary measure, additional militiamen were held under arms at an armory and extra policemen were available.

Spends Several Hours at Office. Governor Slaton spent several hours today at his office in the capitol. A policeman accompanied him to and from his residence in an automobile. There was no demonstration. The governor said tonight the guard was continued at his home to prevent any possible attempt to damage the property. He could not say when the troops would be removed.

"The crowd which visited my home last night was not composed of the best people of Atlanta," declared the governor. "Today I have received telegrams from hundreds of people in Georgia and throughout the country congratulating me upon my action in this case."

Thirty-Four are Given Hearings. Thirty-four persons who were arrested yesterday and last night in connection with the demonstrations today in police court. They were charged with failure to "move on." Nominal fines were imposed in eleven of the cases, eight were dismissed because of inability of the officers to identify the accused and the other cases continued. The heaviest fine—\$15.75—was imposed on J. A. Bozeman, a police officer, who was alleged to have stated he would lead a crowd to the governor's home.

## EVACUATION OF LEMBERG IS LOOKED FOR AT ANY TIME

Many Unconfirmed Reports Have Reached London That Galician Capital Has Already Fallen.

London, June 22.—French gains in the west and the battle for Lemberg are the only struggles that can be isolated as distinctive during the present stage of the warfare. Many unconfirmed reports have reached London that Lemberg has already fallen to the Austro-Germans and despatches from Petrograd indicate that the evacuation of the Galician capital by the Russians may be looked for at any time. In the Vosges the Germans have retired to the east bank of the Fecht according to their own admission, but they assert that all French attacks have been repulsed. The fighting around Arras continues to be desperate and sanguinary, the Germans counter-attacking to offset the recent French gains.

A wireless despatch from Berlin says: "Neutral reports declare that the battle raging near Arras may decide the fate of northern France. The French are very strong but the Germans are continuously receiving reinforcements. The losses on both sides are fearful."

The house of commons today adopted a measure designed to check supplies reaching Germany through neutral states. The bill, when it becomes a statute, may have a marked effect on American exports. The feature of the new law enabling the general public to invest as low as five shillings, bids fair to prove immensely popular, several firms announcing that they will purchase these vouchers for all their workmen.

## COURT QUASHES ONE INDICTMENT AGAINST PERSON AND MEAGHER

CLINTON, Ill., June 22.—Motion to quash an indictment against Carl Person and J. J. Meagher, charged with criminal libel through articles published in the strike bulletin concerning an employee of the Illinois Central railroad, was allowed here today in the county court and the defendants were discharged. The articles were published the day after the employees' death.

A motion to quash another indictment against the same men on a similar charge with regard to the late John Fuller, an anti, was not allowed and trial was ordered to proceed. Last October Person was acquitted of a charge of killing Tony Musser, a former chief of police of Clinton.

## SUGGESTS THAT AMERICANS LEAVE YAGUI VALLEY

Washington, June 22.—Admiral Howard sent by wireless to the navy department late today a statement presented to him by the Mexican military commandant at Guaymas, suggesting that Americans leave the Yagui Valley but promising to protect them if they remained or to escort them if they departed. The commandant said a landing of American marines would be likely to "cause Americans trouble all along the coast."

## QUAKE BRINGS DEATH TO SEVERAL

### Falling Walls at El Centro, Calif., Kill Between Ten and Fifteen

## STARTS LARGE FIRES

### Entire Imperial Valley, Comprising Several Hundred Square Miles, Is Affected

## TWO DISTINCT SHOCKS FELT

SAN FRANCISCO, June 22.—Advices received from El Centro, California by long distance telephone late tonight stated that between ten and fifteen persons were killed by falling walls caused by the earthquake which occurred at about 9 p. m. At 11 o'clock, the report said, two large fires which had threatened the town were under control but lesser conflagrations still were burning.

Buildings Severely Shaken. Los Angeles, June 22.—Reports from El Centro, in the Imperial Valley, stated that a severe earthquake was felt there at about eight o'clock tonight. Electric light wires were broken, the report stated, throwing the town into darkness. Buildings were severely shaken.

The shock also was reported as felt slightly in Yuma, Ariz. and at other points near the Mexican border. Later reports received here from the Imperial Valley state that two distinct shocks were felt at Brawley and as far east as Yuma, Arizona on the Mexican border. The first shock occurred at eight o'clock and continued for about a minute. The second shock which occurred an hour later lasted 45 seconds. The only damage reported from Brawley is the wrecking of the high school, which was the finest building in the valley.

Shock Causes Explosion. Seven fires are reported to have been started in Calexico where the shocks were more frequent and severe it is reported. The first shock caused an explosion near the Holton power company at El Centro. One building was burned to the ground and other damage done. Reports from the stricken district are meagre and it is difficult to get information because of the interruption of telephone and telegraph communication. The entire Imperial Valley comprising several hundred square miles, is in darkness.

No damage is reported from Yuma.

## PANAMA POLICE HAVE FIERCE ENCOUNTERS WITH CONVICTS

PANAMA, June 22.—Panama police possess have had a number of fierce encounters with the eleven convicts who recently escaped from the penitentiary at Santiago, in the province of Veragua, after killing a police lieutenant and one guard and dangerously wounding five other guards. The men took refuge in the jungles and were heavily armed with rifles and revolvers. They also had large quantity of ammunition which they obtained by breaking into the arsenal. Five of the bandits have been recaptured by the police, one was killed and five are still at large. One of those taken into custody was the leader of the band, Otilio Gonzales, a Cuban. He has a notorious record, according to the police and was serving a term of imprisonment for murder.

## DIRECT TESTIMONY IS GIVEN AGAINST ANNAPOLIS GRADUATE

ANNAPOLIS, Md., June 22.—Direte testimony was given today against Ralph McNeilson of Peakskill, N. Y. who stood third in the class that graduated from the naval academy last month and who has been recommended for dismissal by Superintendent Fullam for alleged cheating in an examination. Nelson was accused of having stolen papers other than those referred to in the original charge by Midshipman James H. Waddell, who was called as a witness today before the court of inquiry which is investigating irregularities in examination papers. The witness said that on one occasion that he and Nelson entered the department of marine engineering to look at the private card index containing the marks they had gotten in their studies and he saw Nelson take from a desk some sheets on which were problems to be worked out in turbine engines.

## STAY OF NATIONAL GUARD IN SPRINGFIELD WILL BE LIMITED

Half of State Militia Will Spend Their Tour of Duty at Camp Dixon.

Springfield, Ill., June 22.—The stay of the National Guard in Springfield this summer will be limited. Half of the National Guard will spend their tour of duty at Camp Dixon, while the first infantry will go to the Panama-Pacific Exposition at San Francisco. The field artillery will take part in maneuvers at Sparta, Wis. July 28th-August 7th, and the field hospital from August 12th to 20th. Company A, engineers, will attend a camp of instruction at Washington barracks, Va., August 3-14th, and the first cavalry will join the United States cavalry in a practice march from Chicago July 12th to be absent nine days.

The dates on which the other regiments will go in camp at Camp Lincoln, this city, follow: Eighth, (Colored), Aug. 7th; Fourth, Aug. 15th; Fifth, August 22.

## AUSTRIA ARRANGES LOAN.

London, June 22.—A Reuter despatch from Amsterdam gives a Vienna telegram which says that the Austrian minister of finance has informed the committee of the public debt that a loan of \$76,000,000 has been arranged with a German banking group in order to have a broad capital at Austria's disposal for payments in foreign currencies.

## War News Summarized

With the heavy guns of the Austro-German allies turned on Lemberg and within range, the fall of the Galician capital is looked for at any time, confidently by Vienna and Berlin and with apparent resignation by these observers in London and Petrograd who have been following closely the trend of events.

More than 2,000,000 Austrians and Germans have been operating along the fronts almost encircling Lemberg and with the Russian withdrawal, behind the Grodek lines, the evacuation of Lemberg as a base was accomplished. That the complete evacuation of Lemberg, without much resistance, is probable is indicated by Petrograd dispatches declaring that such a movement cannot be avoided "without a sacrifice of men out of proportion to the strategic importance of the place."

The infantry attacks to the north of Arras, France, have temporarily come to an end but there has been an artillery action of great violence in the neighborhood of Souchez and Ecurie. French artillerists have located and opened fire with their heavy batteries on a German long range gun which had thrown 29 large shells into the town of Dunkirk in the past two days.

On the Gallipoli peninsula heavy fighting has been in progress. On June 19th, a desperate engagement occurred along a Turkish trench and later in the British lines, in which 1,000 Turkish dead were left on the ground, according to the British official statement. Prior to this the Turks had thrown 450 high explosive shells on the left and center trenches of the allies, had repulsed a British brigade and had penetrated the British lines. However, a well organized attack by British reinforcements turned the tide of battle. From the Italian front, by way of Berlin, come reports of serious reverses suffered by the Italians in their attempts to storm the Austrian positions along the Isonzo river. The Austrians have powerfully fortified the south Tyrol front and are said to be prepared in every way for an Italian attack along that line.

## DETAIN MEN ALLEGED TO HAVE ENLISTED AS BRITISH RESERVISTS

Seven Are Held as Witnesses for Government in Probe of Alleged Breaches of Neutrality.

New York, June 22.—Acting upon instructions from Washington, Assistant United States Attorney Roger B. Wood today obtained an order for the detention of eleven men alleged to have enlisted in San Francisco as British reservists by Ralph K. Blair. The eleven, it is claimed, were on their way to England. Seven were located by agents of the department of justice and held as witnesses for the federal government in San Francisco which is said to be investigating alleged breaches of neutrality in the United States.

The order of detention was made in accordance with the federal criminal code, which declares it to be unlawful for anyone in the United States to enlist or induce another to go beyond the jurisdiction of this country for service as a soldier, sailor, marine or on a privateer. The maximum punishment for such offense, upon conviction, is a fine of \$1,000 or three years' imprisonment or both.

The men are said to have here from the Pacific coast yesterday and they expected, government officials say, to sail on the steamship Arabic tomorrow. The seven located gave their names as James W. Smith, William V. Granney, Frank G. Cook, Patrick Casey, Harry Albert, Fred Bond and William Stables. They were unable to furnish bonds of \$500 each. They will be sent back across the continent at the expense of the government.

According to Mr. Wood, the men were on their way to England as the result of an understanding entered into with the man in San Francisco.

## AGENCIES REPEAT DENIALS OF FRICTION

### U. S. OFFICIALS HAVE NO REPORTS FROM REPRESENTATIVES

Belief Still Prevails in Washington That Trouble Between Oregon and Carranza Has Not Been Healed—Information as to Angeles' Plans Meagre.

Washington, June 22.—Denials of friction in the Carranza ranks and of dissensions among the Villa leaders were repeated today by the respective agencies of the Mexican factions. United States officials had no reports from their own representatives but the belief still prevails in official quarters that the trouble between General Oregon and Carranza had not been healed and that the departure of General Felipe Angeles from the camp of General Villa at this time was an important military if not political loss.

Information is Meagre. General Angeles did not pass through here enroute to Boston. Information is meagre as to his plans, though rumors are current that he really is in the United States to discuss with prominent Mexicans plans for the inauguration of a new movement that would have as its nucleus the Villa-Zapata troops.

According to official information Carranza refused to take the advice of General Oregon and accepted the resignation of some of the cabinet ministers whose retention was insisted upon by Oregon. Other advices say that General Pablo Gonzalez, the Carranza commander marching against Mexico City who was ordered to halt until Carranza re-organized the cabinet, has gone ahead and is now reported within a few miles of the old capital.

Communication behind him to Vera Cruz is cut. This development is regarded as ominous in official quarters. The Carranza authorities at Vera Cruz claim the lines were cut by the Zapatistas but other information received by the United States government indicates that General Gonzalez cut his own communication behind him.

Insist on Protection. Representations have been made by the United States to the authorities in Mexico City and at Vera Cruz as well, insisting that the lives and interests of foreigners must be protected in connection with any transfer of authority in the capital. It is not known whether the Villa-Zapata troops, said to number 10,000 in Mexico City, will offer resistance to Gonzalez or evacuate peacefully as has been the case on previous occasions when the city has changed hands.

El Paso, June 22.—General Francisco Villa issued a statement today at his headquarters at Aguas Calientes in which he positively declared that there would be no split between himself and General Felipe Angeles. Villa added that he had commissioned Angeles to inspect cannon he contemplated purchasing.

## Willa Issues Statement.

Frankfurter Zeitung Publishes an Inspired Article from Berlin, Setting Forth There is not a Word of Truth in Reports.

Frankfurt, Germany, June 22.—via London, June 22.—The Frankfurter Zeitung publishes an inspired article from Berlin denying positively rumors which are being circulated in certain quarters in Berlin that negotiations are underway looking to the conclusion of peace with Russia.

According to these rumors, Russian emissaries of high birth visited Berlin and the headquarters at the "out." These reports even mentioned the conditions under which it was said Russia wished to make peace.

The Berlin correspondent of the Zeitung says he is in a position to state that there is not a word of truth in these reports that no Russian emissaries of any sort have visited Berlin and that no attempts had been made to get in touch with German officials for the initiations of such negotiations. The same positive denial is given to rumors of peace proceedings which were circulated following the recent peace conference of the international congress of women at The Hague.

Carries Heavy Penalty. Conviction of the charge of conspiracy to commit a felony or felonies carries with it a fine of not less than \$25 nor more than \$5,000 and imprisonment of not less than two years or more than 14 years. ## INDICT 128 MEN IN ELECTION CASE

### Grand Jury at Indianapolis Returns True Bills Against Officials

## MAYOR BELL SURRENDERS

### Democratic National Committee- man and Executive of Capital Proclaim Innocence

## SHERIFF'S OFFICE IS CROWDED

INDIANAPOLIS, Ind., June 22.—Not half of the 128 men indicted by the Marion county grand jury here today on charges of conspiracy to commit felonies such as are defined in the election laws of the state and the laws against bribery and blackmail, had surrendered to Sheriff George V. Coffin and given bond tonight. Thomas Taggart, Democratic national committeeman for Indiana, Joseph E. Bell, Mayor of Indianapolis; Samuel V. Perrott, chief of police, and Robert W. Metzger, Republican member of the board of public safety, however, were among the first to acknowledge service in the case and give surety.

Bonds Will Total \$300,000. The bonds of those who surrendered today ranged from \$2,500 to \$10,000. It was estimated that if all the 128 were to give bond, the total will be run to more than \$300,000.

No date for the arraignment has been announced and Judge James A. Collins of the criminal court, said late today that the date would not be set until next week.

Proclaim Innocence. Mr. Taggart and Mayor Bell tonight proclaimed their innocence and said they had committed no crimes for which they should be indicted.

"I have been unable to find out what I have been indicted for," said Mr. Taggart. "I have not seen the indictment and when our attorneys asked for copies they were told that the indictment was not ready to be spread upon the record. Until I know with what I am charged, obviously there is little for me to say."

Taggart to Stay in Capital. Mr. Taggart added that he would remain in Indianapolis until bonds were provided for all those who were indicted. "I shall remain here until the boys are taken care of," he said.

Mayor Bell declared that he was ready for trial now. "I have violated no law," said the mayor, "and the story in the newspapers today was the first intimation that I had of the indictment. After our attorneys have had an opportunity to examine the indictment, I may have something to say."

## Sheriff's Office Crowded.

The sheriff's office was crowded all afternoon with defendants and their friends arranging bonds. Only a few capias were served outside of the sheriff's office. While a few of the bonds were provided by surety companies, the majority of those offered today were by friends of the indicted men. None seemed to have difficulty in furnishing the required amount. The indictment which is in 48 counts and covers 228 typewritten pages, charges that the conspiracy began prior to the primary of May 5th, 1914, and extended through the election of November 3rd, 1914. It charges illegal voting, intimidation, false registration, padding the tally sheets, stuffing the ballot boxes, illegal manipulation of voting machines, blackmailing of saloonkeepers and resort owners, bribery and vote buying.

Carries Heavy Penalty. Conviction of the charge of conspiracy to commit a felony or felonies carries with it a fine of not less than \$25 nor more than \$5,000 and imprisonment of not less than two years or more than 14 years. The grand jury under the guidance of prosecutor Alvah J. Rucker, has been investigating election conditions since early last January and a total of 1,937 witnesses was examined.

The latest aspirant for the Republican gubernatorial nomination is Charles Adkins of Bement, a former speaker of the Illinois general assembly. Mr. Adkins is a farmer, has devoted considerable attention to farmers' organizations and in his campaign will expect to develop considerable country strength.

Along with regret and horror over the awful death of "the angel of Joliet penitentiary" there comes also a feeling of wonder that a convict guilty of manslaughter only a year or two previous should so soon become the trusted household servant and admitted to the boudoir of the warden's wife, for services usually detailed to a maid.

Reading the French yellow book, the German white book, the English diplomatic correspondence and dispatches from the war centers one is impressed with the changes in descriptive languages since the time of the war of the rebellion, for example. The directness, the terseness of old war reports is lacking and the dispatches sound as if written by someone who has no direct knowledge of the conflict but has heard in a somewhat round about way that a battle has been recent fought. We hear no more about old time retreats but rather about retrograde movements and readjustment of lines. And at the same time there is a similar lack of forceful direct language in telling of victories. Who will be found to write a faithful, vivid portrayal of the great war, a historian so evidently unbiased that his work can be accepted by all nations as authentic? Thus far the accounts of the conflict have varied almost as much as have the estimates of the causes leading to the war.

**Licenses for Liquor Law Violators.**  
Sheriff Graff, States Attorney Tilton and Chief of Police Davis were in Springfield Tuesday to interview federal authorities about the system there is in vogue of issuing federal liquor licenses to prisoners in the county jail, charged with liquor selling, if the prisoners make application for them.

The strange plan seems to be that the government revenue department is so eager for money that as soon as the arrest of an offender against liquor laws is known, if the records do not show that the person arrested has a government license a deputy is sent to see the prisoner to explain the penalties if convicted and to offer to issue a license. Licenses are issued and dated back a year if such is the desire of the prisoner. The idea thus being to provide immunity for past offenses against the federal law by simply paying for a license.

If such offenders were to receive the attention of the prosecuting attorney instead of the revenue department it is possible that fines would result which would exceed the license money in amount and the government would be better off financially by prosecution than by selling immunity. But for some cause, it is said the practice has been of long standing, for revenue and prosecuting departments to work separately rather than in unison for both the observance of the law and the enriching of the treasury.

**The Register's Deserved Success.**  
The State Register has recently called attention to the fact editorially that it is just thirty-four years since H. W. Clendenin and Thomas Rees, respectively editor and manager of The Register, secured controlling interest in that paper. At that time Springfield had a population of about 20,000 inhabitants while today the census gives the capital city 60,000. And the State Register has more than kept pace with the city's growth and today is the largest paper in Illinois outside of Chicago. The policies adopted by Mr. Clendenin and Mr. Rees have done much toward the upbuilding of Springfield and it is a pleasure to note the success which has attended them. They are both men of high ideals and broad vision and these qualities, together with their capacity for work and the further capacity for choosing competent assistance, have made The Register the really great paper that it is today.

**Farmers and Automobiles.**  
The war has had a tendency to largely increase the sale of American horses to foreign nations. It is estimated that already twelve times as many horses have been sent abroad this year, compared with a corresponding period last year.

This exportation of horses, the Boston Globe points out, naturally pleases our manufacturers of automobiles, for motor vehicles are in more demand by the farmers. It also appears that about one-half the number of automobiles in the United States are owned by farmers. The number of farmers in New York owning these vehicles is 156,173; in Illinois, 131,140; in Pennsylvania, 107,141; Massachusetts, 76,822; Michigan, 76,389, and in eight other states the number ranges from 50,000 to 67,000.

The usefulness of motor cars to

farmers is obvious. These cars are also reducing the freight profits of some suburban steam and trolley roads, again illustrating that no one can foresee what economic conditions a new invention will alter.

### BIRTHDAYS OF NOTABLES.

Sir Henry Rider Haggard, famous English novelist, also renowned as economist, conservationist and lawyer, is 59 years old today. He was born at Bradenham, in Norfolk, England, on June 22, 1856, and at the age of 19 became secretary to Sir William Bulwer, governor of Natal. In 1882 he was master of the high court of the Transvaal. He began writing on his return to England in 1882, and his books found favor at once. He had gathered much material during his travels and service in Africa, and he wrote interesting tales that are popular in America as well as Europe. He took a remarkable journey through England investigating the conditions of agriculture and of the rural population, and some ten years ago came to the United States for the British government to report on Salvation Army settlements. For five years he was chairman of the Reclamation and Unemployed Labor Committee of the royal commission on coast erosion and afforestation. Sir Rider is leading a quiet life as a country squire in Norfolk. He married, in 1880, the daughter of Major Margitson, and they have three daughters. They have a beautiful country place at Ditchingham House, Norfolk.

Henry T. Oxnard, promoter of beet sugar industry in the U. S., 55 years old today.

Julian Hawthorne, writer and journalist, son of Nathaniel, 69 years old today.

Robert S. Lovett, head of the Harriman railway system, 55 years old today.

Hon. Richard E. Sloan, former governor of Arizona, 58 years old today.

Frank H. Damrosch, noted musical director, 56 years old today.

**The Situation in Belgium.**  
Belgium still calls for aid, still places its dependence upon the world's charity. The Commission for Relief in Belgium has bought and carried into that country food to the value of \$65,000,000. All people who have been able to pay for their food have been obliged to do so, and the money thus collected has been used to buy more supplies. In this way the capital supplied by the Belgian people has been used over and over again. Even so, according to the Commission, 1,700,000 people in Belgium who are absolutely destitute—practically one-fourth of the population. They cannot pay a cent for the food required to save them from starvation. Charity must come to their aid—hence the appeal of the Commission to the people of the United States who have already given so much, to give more.—New Bedford (Mass.) Standard.

### Primary Law Faults.

Down in New York the suffrage committee of the constitutional convention has been wrestling with some of the faults of the primary law of that state. It is such a complex statute that it is commonly recognized now that it is a menace to good government rather than an aid in carrying out the will of the people. The discussion of the faults and fallacies in the primary law has led to the feeling that the wrongs committed under the old convention system were not necessarily a part of the system but rather the result of indifference on the part of the people. Just as good government is the result rather of men than of measures, so it is with the average general law. If the people themselves would take the proper interest in matters political, so many of the so-called reform measures would not be deemed necessary.

While in this state there have been some benefits accruing from the primary system, it has been generally recognized that it is possible for the successful candidates in a primary election to represent the sentiment of only a small fraction of the people. This is the inevitable result when there is a large list of candidates in the field for one office. In New York there are a number of prominent men who were formerly loud in their demands for the primary law who now favor a return to the convention system, with certain safeguards for the prevention of "snap conventions" and other evil phases there were connected with the old system. It is not likely, however, that there will be a complete abandonment of the primary law, but as the result of present agitation the law will be so simplified that its good points rather than its defects are in the ascendancy.

### The Earth and Its Increase.

The weakness of the prices for breadstuffs recently has discounted the prophecies of the experts who found the wheat field full of bugs, but yesterday's government crop report makes them ridiculous. The billion-bushel wheat crop is not yet in the bins, but it is growing fast. A million and a quarter more acres were planted than last year, and the indicated yield is \$8,000,000 bushels more. The winter wheat promise is a trifle below last year, but the total of both crops is larger by almost the addition of spring wheat increase.

It is too early yet to speak of corn but there is an addition of nearly 150,000,000 bushels of oats, and an increase of 8 per cent in the condition of hay. Only Wall street farmers will despise the mention of the humble hay crop. Last year it was worth more than any wheat crop that ever was sold, except only last year's. This year fourscore million dollars will be added to the hay crop and that means much for the present state of the markets for milk and meat.

We are going to lose something on the year's cotton crop, but the breadstuffs crops indicate where

hope lies that the farm yields of this year will be worth more than last year's ten billion dollars. That is the usual result of late and damp springs. The government itself is authority.—New York Times.

### VETERAN OF CIVIL WAR LAID TO REST TUESDAY

Michajah Burnett of Waverly Buried in Franklin Cemetery—Was Member of 14th Illinois Infantry.

Michajah Burnett, who died Monday morning at 7 o'clock at his late residence in Waverly, was buried Tuesday afternoon at the Franklin cemetery. Funeral services were held from his late residence in Waverly at 9 o'clock in charge of Rev. Mr. Bedford, pastor of the Christian church. He had been in failing health for over a year with heart disease.

Mr. Burnett was a veteran of the civil war being a member of Company I of the 14th regiment, Illinois Volunteers. He served in the war three years and ten months and was in many prominent battles. He was 73 years of age, a son of Isham Burnett and Sarah Masden, pioneer residents of this section of the country. Mr. and Mrs. M. Burnett were the parents of ten children eight sons and two daughters. Those surviving are, Sheridan and Charlie of Waverly, Mrs. Edith Rush of Kansas City, and Felix of Springfield. He also leaves two brothers, George B. of Waverly and Joseph of Dighton, Kansas.

Burial was made in Franklin cemetery and bearers were Messrs. J. W. Luttrell, Milton Meacham, Richard Cox, John Griswell, John Maguire and Mr. Dap.

### SOCIAL EVENTS

Entertained at Dinner.

Mrs. William Patterson entertained at dinner at her home, 1121 West Lafayette avenue Tuesday. The occasion was delightful in every respect. Those present were: Mrs. Emma Bacon, Mrs. Fred Brazie, Mrs. T. C. McDonald and son Thomas of Harlan, Iowa, Mrs. James Crum and son Keith of Milwood, and Mrs. A. J. Bacon, Mrs. Dan Moy and daughter Frances and Mrs. Ernest Dewese and daughter Pearl of this city.

Fancy black raspberries, last day of big sale, only \$2.75 per crate, 24 quart cases. Better put in your order now, as berries will be high later. Cannon Bros., W. State.

### WAS PAINFULLY INJURED.

Amos Vieira, who is in the employ of Elmer Nicholson, four miles northeast of the city, met with a painful accident Monday evening at 6:45 p. m. He was unhitching a team of horses at the barn. One of the animals was still to be unloosed from the neck yoke, when suddenly the horses whirled about, crowding Mr. Vieira against the tongue and later pulling the wagon over his left shoulder. Dr. C. C. Cochran was summoned and he and Fred Vieira took the man to Passavant hospital, where an X-ray examination showed that no bones were broken in the shoulder, but the bone at the wrist was fractured.

### WARNING TO THE PUBLIC.

People are warned against throwing grass, trash, limbs of trees or other things into and upon the streets and alleys. Such disposal of refuse is in violation of city ordinances, tends to clog up sewers and otherwise does harm.

Jerry Cox, City Commissioner.

### REMEMBER HOSPITAL.

The management of Passavant hospital wishes its many friends to kindly remember the hospital at the fruit canning season. The hospital has on hand a large number of empty cans which they will gladly give to be refilled.

## PRESENT OPPOSING VIEWS OF EFFECT OF PROPOSED INCREASE

Interstate Commerce Commission Holds Hearing—Argument is Only Started.

Washington, June 22.—Opposing views of the effect of the proposed increase in freight rates in western territory were laid before the interstate commerce commission by representatives of railroads and of interested shippers and state railroad commissions. Although the entire commission devoted the day to the hearing, argument was only started and it is probable that it will continue for the remainder of the week. Decision of the financial condition of the roads took up much of the time today, but the subject was not finally disposed of and time will be granted both the proponents and opponents of the increase to argue further on this point. Tomorrow the commission expects to take up the increases on specific commodities. There are twelve principal commodities involved including grain and grain products, livestock, fresh meats, packing house products, coal, fruits and vegetables.

MAYO INDIANS SACK TOWNS. Nogales, Ariz., June 22.—Mayo Indians who have followed the example of the Yaquis in Sonora, Mexico, sacked Los Mochis, Sinaloa, yesterday according to J. B. Taylor, manager of a sugar company owning land in that section who telegraphed to the secretary of state at Washington asking for protection.

LEN SMALL HEADS BOARD OF AGRICULTURE Springfield, Ill., June 22.—Len Small of Kankakee, former state treasurer and candidate for nomination for Governor in 1912, was today elected president of the Illinois Board of Agriculture to fill vacancy caused by the death of the late James K. Hopkins of Princeton.

CONTINUE EFFORTS TO VERIFY REPORTS El Paso, June 22.—Officials here continued their efforts tonight to verify the report of the burning of a military hospital and from 200 to 300 wounded inmates in Chihuahua. The report was brought here today by passengers who said that no one was permitted to board the train at Chihuahua.

CAPTURE FIVE STEAMERS. London, June 22.—Five Swedish steamers, lumber laden, bound for England were captured by German warships in the Baltic Sea yesterday, according to a Copenhagen despatch to the Exchange Telegraph company.

HANG EFFIGY OF SLATON. Columbus, Ga., June 22.—An effigy bearing the inscription "Governor Slaton, the traitor" was hanged and riddled with bullets here tonight on a street bridge. Later the image was burned.

The demonstration lasted more than two hours and several hundred persons from Georgia and Alabama participated, the city being on the line between the two states. Many women and children were in the crowd.

PAGEANT AT MEADVILLE. Meadville, Pa., June 21.—Under the direction of Prof. Baker of Harvard, a pageant will be given tonight, Tuesday and Wednesday nights, depicting the centenary of Allegheny college.

## Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

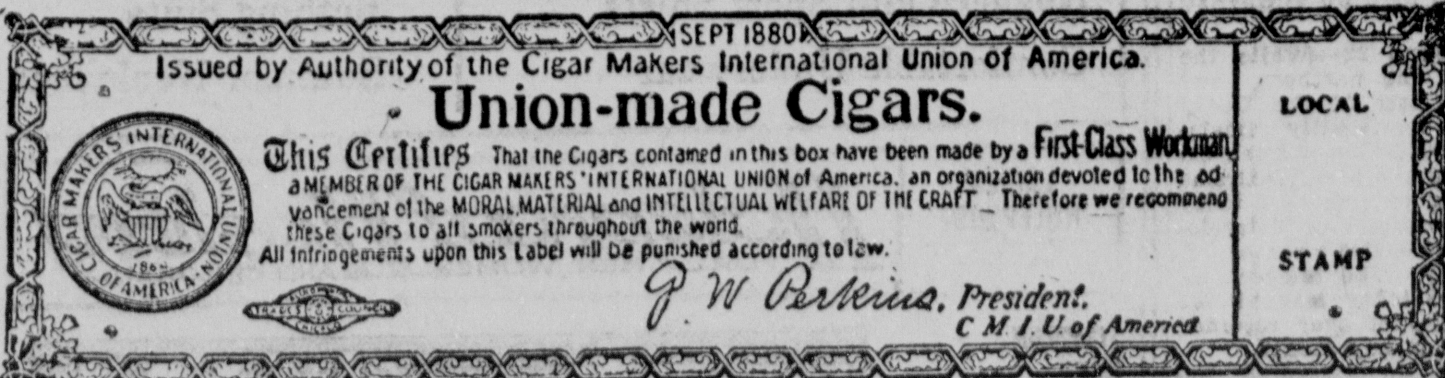

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

## Trust Company Service

- ☛ That the highest degree of efficiency in the administration of estates is attained by trust companies is becoming well recognized.
- ☛ Wealthy and far-seeing men commit the management of their estates to trust companies because their wisdom and experience prove this course to be safest and best.
- ☛ Why should not the family of the man of moderate means enjoy the advantage and protection afforded by trust company service? Prompt, efficient administration that will conserve the small estate and protect its beneficiaries is far more important to the family of moderate means than to the one of wealth.
- ☛ This company gives the small estate the same careful attention as the large one. Its fees are controlled by law, cannot be greater than those allowed individuals, and in most cases, considering the service rendered, are less.

## CONVENTION OF ADVERTISING CLUBS SETTLES DOWN TO BUSINESS

Delegations Separate to More than a Score of Sections for Discussion.

Chicago, June 22.—The eleventh annual convention of the advertising clubs of the world quitted down today after a joyous welcome to the city and started at its serious business. The delegations separated into more than a score of sections for discussion and argument and interchange of ideas. Book publishers, newspapermen, solicitors, directory makers, billboard men and numerous associations took up their respective parts of the general plan of the major organization for advancing the interests of all parties to advertising contracts.

In the final morning gathering, before the convention disintegrated, an impromptu discussion of temperance called forth a demonstration of cheers.

## MANTON PLEADS IN PRIVATE FOR TWO HOURS FOR LIFE OF BECKER

Governor Announces That He will See Mrs. Becker or Anyone Interested in Condemned Man's Cause. Albany, N. Y., June 22.—Martin T. Manton, attorney for former Police Lieut. Charles Becker pleaded in private for nearly two hours today for the life of his client who has been condemned to die during the week of July 12th, for instigating the murder of Herman Rosenthal. Neither the governor nor Mr. Manton would discuss the details of the conference. The governor said however that he would confer with Mr. Manton again next week, when it is expected that formal application for executive clemency will be made. The governor also announced that he would see Mrs. Becker wife of the condemned man, or anybody else in his interest that may come to Albany.

Incidentally he said he could not delegate his pardoning power to the lieutenant governor or any other person as had been suggested.

## TORNADO DAMAGES SEVERAL SMALL MISSISSIPPI TOWNS

CLARKSDALE, Miss., June 22.—One man was killed, several small towns were damaged, cotton and corn crops were leveled to the ground and wire communication was crippled by a tornado which hit Friar Point, Miss. late today, and swept southward through Coahoma and Sunflower counties. J. J. Britt, a sergeant at the state prison farm at Parchman, was killed when a prisoner's cage was blown down. Messengers from Friar Point tonight reported a number of buildings wrecked there and several persons injured.

## ORDER CRUISER TO HAITI TO RELIEVE FRENCH MARINES

WASHINGTON, June 22.—Rear-Admiral Caperton with his flagship, the armored cruiser Washington, was ordered from Vera Cruz to Cape Haitien today to relieve the marines landed there last week by the French cruiser Des Cartes to preserve order. The Washington carries 500 blue jackets and 200 marines available for shore duty.

Haiti is turbulent again as result of the recent overthrow of President Sam—the little republic's eighth executive in seven years—by revolutionists under Dr. Resolvo Bobo. Reports to Washington told of shooting in the streets of Cape Haitien and of the killing of natives charged with pillaging. As the converted yacht Eagle was the only American warship in the vicinity, the Des Cartes' commander promptly landed marines to protect lives and property of foreigners.

## BEGIN ACTUAL CONSTRUCTION OF GOVERNMENT'S ALASKAN RAILWAY

WASHINGTON, June 22.—Actual construction of the government's Alaskan railway has been begun. Lieutenant Meares of the Alaskan engineering commission reported to Secretary Lane today he had established his base of operations at Ship Creek, Cook's Inlet and was landing materials and supplies. Building of wagon roads, one of the first requisites of the railroad construction is under way and the force on that work will be increased to 2,000 men as soon as the facilities can be provided for bringing material to employ that number.

## DISTURBANCE WILL PROBABLY BRING RAIN BY THURSDAY

CHICAGO, June 22.—While the temperature in the northern and central states east of the Rocky Mountains has consistently remained under the seasonable normal, excessive heat prevails in the extreme south according to comment today by H. J. Cox, professor of Meteorology in the United States weather bureau here today. The temperature at New Orleans today reached 102 degrees, the highest ever recorded in that station in any month. Professor Cox has discovered another disturbance developing in the far west, which probably will bring rain to the middle west tomorrow and to Wisconsin and Illinois by Thursday. In the meantime the temperature will rise slowly, he said.

## STATES UNOFFICIAL HINT FROM WASHINGTON STOPPED JAP ARMY

THE HAGUE, via London, June 22.—The Handelsblad in its edition of today asserts that Japan was prevented from sending three hundred thousand troops to Europe as the result of an unofficial hint to Great Britain from Washington that such an expedition would be undesirable.

The newspaper declares that a Japanese army of that strength was landed in Manchuria where it was exercising preparatory to departure for the European battlefield but that Great Britain after receiving the intimation from the United States informed Tokyo that she was sorry but under American pressure must request that the Japanese government do nothing further concerning the dispatch of an expeditionary corps to Europe.

ALEXANDER McDONALD APPOINTED  
TO AN IMPORTANT POSITION

Is Named by Oklahoma Governor as Chairman of New Industrial Commission.

A dispatch from Oklahoma City tells of the recent appointment of Alexander A. McDonald, now of Hugo, Oklahoma and formerly of this city to be chairman of the industrial commission which will have charge of the administration of the workman's compensation act. Mr. McDonald's salary will be \$3,000 a year. He is a son of the late Mr. and Mrs. Edward L. McDonald and since admission to the bar has shown exceptional ability.

The Oklahoma dispatch was as follows: "Appointment of the industrial commission, which will have charge of the administration of the new workman's compensation law, which becomes effective on June 22, was announced at the governor's office Monday as follows:

"A. A. McDonald of Hugo, W. C. Jackson of Muskogee, and W. L. Blessing of Shawnee. McDonald will be chairman of the commission and will receive a salary of \$3,000 a year. Other members of the commission receive \$2,500 per annum. Their appointment is effective July 1. The commission will have complete charge of the administration of the workman's compensation law, which becomes operative at that time. All of the appointees are democrats.

"Mr. McDonald is a lawyer of Hugo, and has been active in democratic politics in that section of the state for some time. Mr. Jackson also is a lawyer and prominent democrat of Muskogee. Mr. Blessing, known to his friends as 'Bill', has been a locomotive engineer for the Rock Island Railroad company for the past seventeen years. He was a member of the executive committee of the R. L. Williams Good Government club in the last primary campaign and has been prominent in labor circles for some time. On several occasions he has represented the Brotherhood of Locomotive Engineers on legislative matters.

"These are among the last important appointments that the governor has to make."

## STACKING SUGGESTIONS

Stacking time will soon be here, and a few items will be in order by one who has stacked for many years. Most any one can stack hay, but bundles are different. Stacking wheat improves the sample and in most cases pays.

Start the stack on rails like starting a shock; go 'round till you have the size wanted, and all the heads are up off the rails. Keep on till you get to the bulge, which should be about one-half way to the top. The important thing to remember is keep middle full and solid. If the outside courses slip, prop them, and then if they still slip, set about six rails in the ground close to the stack and fasten together across top of stack with binder twine, and this will hold the courses to their places. After the stack is finished cut the twine and stack rails away. In starting a stack after the first course is laid, you reverse the operation and start from the outside, placing the next course almost to the bands. Learn to stack with a fork, it is much easier. Lots depends on the pitcher, as bundles should be placed handy as possible. By the time you reach the bulge your stack should be larger than the outside course, and the center higher. It is now time to put on the roof, the last course before roofing should be a little further out than the rest and makes the eaves like on a house.

This course should have an extra one, just under the heads and is intended to hold them up, fill up closely and tramp well. Your stack will now be in a good condition to turn a shower and is called "filling for the roof". It is better to put on the roof with your hands, working backwards, packing the ends of the under-course, placing filling so it will just catch heads of preceding course. If bundles are very rough, one can do better with a fork to put on roof, reserve caps for center of stack. Keep on this way (keep bundles pointing to the center), and compact as possible. When you have reached the point, push down a five foot stack, leaving enough to place a large bundle on the end of the stack, weight with anything at hand, using twine from the stack, holding supports together, to keep the stack from slipping. Rake top before coming down and rake balance from a ladder. If these few simple rules are followed and your stack is wider at the bulge than at the base, the bundles have a slant of about 60 per cent water will not enter, and at threshing time your stacks will be nice and dry. A great deal depends upon shocking in the field. A shock set down well in the stubble, straight and well capped, will turn lots of rain.

John A. Groves.

## WILL BE TRIED FOR VAGRANCY

Early Tuesday morning Capt. Trahey and the night force arrested Ella Cox on the charge of disorderly conduct. Later Chief Davis swore out a warrant for vagrancy. Tuesday afternoon she appeared in Justice Dyer's court and her trial was set for Thursday afternoon at two o'clock. Pending the hearing she was sent to jail.

Mrs. Cox formerly lived in Broadway Alley but left town several weeks ago when the Chief of Police issued orders which resulted in the cleaning up of the alley. She returned some days ago but until Tuesday morning she has not caused any trouble.

## EUROPEAN WAR NOTES

London, June 22.—Additional casualty lists of the rank and file include the names of 2,000 men among the British forces in Belgium and France and of 600 men at the Dardanelles.

The officers' list includes 63 names from the forces on the western front and 23 from the Mediterranean expeditionary forces.

These lists are compiled under the date of June 6.

Paris, June 22.—The fighting from May 30 to June 9, resulting in the conquest by the French of the system of works and trenches which the soldiers call "the labyrinth," is described today in a dispatch from an official observer at the front. The labyrinth, lying between Neuville St. Vaast and Ecurie formed a salient of the German line and its position, a strong one, was greatly reinforced from time to time.

French attacks on May 9 and days thereafter failed to modify the situation, the observer writes, at the end of May the French decided to finish things and the order was given to take the labyrinth inch by inch. This meant an operation of two principal phases of different nature. It was necessary, first, by well prepared and vigorous assaults to get a footing in the enemy organization, and then to progress to the interior of the communicating trenches, in repulsing the enemy step by step. These two operations lasted more than three weeks and resulted in complete success.

The débouché must have been difficult, as numerous German batteries, composed of 77 millimeter guns, the 150, 210, 280 and even 305 millimeter guns concentrated their fire on us. They were stationed at Givenchy, LaFolle, Thelus, Farbus and Beaurains, south of Arras. Nevertheless our men understood and prepared to do their duty. It was May 30 that the assaults began, our regiments marching out from different points. Their ardor was admirable.

Paris, June 22.—The following official statement was issued by the war office tonight:

"In the course of the forenoon about fifteen additional shells were fired on Dunkirk. Our heavy batteries engaged the enemy's gun which was responsible for that bombardment.

In the region to the north of Arras the German counter attack came to an end toward morning. During the day there has been only an artillery action of extreme violence between Souchez and Ecurie.

In Champagne, near Petes, the enemy exploded several mines without result. On the heights of the Meuse at the Calonne trench the Germans toward the end of the night made a violent attack for the purpose of recovering the positions which they had lost. They succeeded only in occupying part of their former second line. A counter attack on our part resulted in almost all of it again falling into our hands.

"The number of prisoners taken in that region since June 20 has reached 220 men and three officers. Near Macheville in the Woerwe a feeble German attack—half of a company—which had as its object the reoccupation of an abandoned trench between the two lines, was dispersed by our fire.

"In Lorraine a German counter-attack debouching to the east of Leintz was stopped by our artillery. In the Vosges between the two branches of the Ficht river, we have continued our advance in the direction of Sondernach."

## CELEBRATED ANNIVERSARY.

Mr. and Mrs. Newton Brainer of Arcadia celebrated their thirty-first anniversary Saturday evening, June 19. Although it was a bad, rainy evening, more than a hundred of their friends and relatives gathered at their home in the village and were delightfully entertained between 5 and 10 o'clock. Delicious refreshments of sandwiches, salads, pickles, ice cream, cake and coffee were served early in the entertainment.

As the guests arrived, each one was given a slip of paper on which was written a name which they were to go by during the evening. The names were divided in about ten different families, such as the Spratt family, the Gossip family, the Bust-heads, the Gourds, the Timothy Tops, the Pumpkintines, the Hayseeds and the Greenhorns.

In a program which was nicely carried out, each family was to furnish two numbers and prizes were given the two families which proved to be the best entertainers. The Gossip family, including Mrs. Harry Barber, Mrs. Will Jones, Mrs. E. L. Rex, and Walt Houston, received the first prize by talking about their neighbors. The Timothy Tops, who recited two comical recitations, received the second prize. The Pumpkintines also amused the crowd by standing in a circle in the center of the floor facing the audience and whistling "Yankee Doodle." They then said they would whistle the same tune backwards, and turning their backs to the audience they whistled the tune through again.

The last number on the program, but not least, was an Old Deaf Lady and a Hungry Colored Man in a slight misunderstanding, by Odessa Brainer and George Bosley.

Mr. and Mrs. Brainer received many beautiful and useful presents. The time was so well taken up with entertainment that the evening passed all too soon and the many friends departed, wishing Mr. and Mrs. Brainer many more happy returns of the occasion.

## THE IDLE RICH

I'm fond of coin, but I don't itch to be among the idle rich, who have long green to burn; their wealth I could not well employ, for I could never much enjoy the bone I did not earn. Oh, every coin of mine is wet with honest, rich transparent sweat, until it has been dried; it represents no sire's bequest, no buried miser's treasure chest, no "multi's" pomp and pride. I grind my anthem mill at home, and every time I make a pome, I take in fifty cents; I get more pleasure blowing in this hard-earned, sweat stained slice of tin, than do the wealthy gents. Their coin comes easy as the rain, it represents no stress or strain, no toll in shop or den; they use their wealth to buy and sell, like taking water from a well; the hole fills up again. We do not value much the thing which, like an everlasting spring, wells up, year after year; if you'd appreciate a bone, you have to earn it with a groan, and soak it with a tear. I'd rather have the rusty dime for which I labored overtime, and sprained a wing or slat, than have the large and shining buck that Fortune handed me, or Luck; get wise, rich lad, to that.

Joyful Anticipation  
of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to soothe the nervous system and to thus relieve the pressure reacting on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses. This splendid embrocation is known to a multitude of mothers.

They have used it during the period when they could realize the value of timely and helpful advice. That is why they recommend it.

Many people believe that those remedies which have stood the test of time, that have been put to every trial under the varying conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmothers' earlier years and is known throughout the United States it may be easily inferred that it is something that women talk about and gladly recommend to prospective mothers.

"Mother's Friend" is prepared only in our own laboratory and is sold by druggists everywhere. Ask for a bottle to-day and write for a special book for expectant mothers. Address Bradfield Regulator Co., 507 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

### Washington 7, Boston 4.

Washington, June 22.—Washington bunched hits with Boston's errors and won the third game of the series. George Foster and Pennock were hit batted. Boston knocked Ayers out of the box in the sixth inning. Score:

Boston	1	110	011 000—4
Washington	0	022	002 000—7

Batteries—G. Foster, Shore, Pennock and Thomas, Cady; Ayers, Shaw and Ainsmith.

### St. Louis 13; Detroit, 9.

Detroit, Mich., June 22.—A fusillade of hits off Coveleskie in the fifteenth inning gave St. Louis a 13 to 9 victory over Detroit this afternoon. Of the seven pitchers used, Weillman was the only effective worker, although Coveleskie, who replaced Cavet in the ninth, twirled great ball until the final inning. Dubuc was easy for the Browns and when he retired under fire in the third, the visitors had a seven run lead.

### WINCHESTER DEFEATS MERRITT

The Winchester Hustlers won a fast game from the Merritt Stars yesterday by a score of 6 to 5. The game went ten innings and was marked by fast fielding and good pitching on the part of Murray of Merritt who held the Hustlers to two hits and had five strikeouts in three innings. They only scored one run off of him. Hart then took up the hurling. Adkinson was the hitting star of the contest, getting two singles, a double and a walk in four times. Umpires Huddleston and Markille. Time, 1 hour and 55 minutes.

O'Meara, that is the way it should be spelled, is a St. Louis product. In the season of 1912 he went to Hannibal to play for Eddie Herr. He made good from the start and was drafted by Brooklyn. He was farmed out but last year came back to the big show and this year looks as good as any short fielder in the business.

Rowland looks to have a versatile team this year. They are hitting the ball and in addition seem to be able to wait them out and also to steal bases. In yesterday's game at Cleveland they got three passes and stole two bases, which, together with two hits netted four runs.

### REAL ESTATE CONVENTION.

Los Angeles, Cal., June 21.—The eighth annual convention of the National Association of Real Estate Exchanges opened here today. Ninety real estate exchanges were represented in the big gathering of 9,000. The big convention extends until Thursday night, and a programme of unusual interest has been prepared. Instead of the cut-and-dried papers, the visitors will listen to discussions on every phase of the real estate business, led by able men from each section of the country. The subjects of taxation, legislation, appraisals, municipal ordinances and city planning will also be considered.

## BROOKLYN HITS CRANDALL

### FREELY BUT ST. LOUIS WINS

Whales Win Easily From Baltimore—Newfeds Down Pittsburgh for Fourth Time in Five Games.

Brooklyn, June 22.—After Crandall had been hit freely in two innings for a home run, two triples and three singles, which netted three runs, Watson went in and blanked the Brooklyn's during the remainder of the game with St. Louis the latter team winning.

	R.	H.	E.
St. Louis	0	000	201 100—4
Brooklyn	3	000	000 000—3

Batteries—Crandall, Watson and Hartley; Upham, Marion and Simon.

### Chicago 11; Baltimore, 4.

Baltimore, June 22.—McConnell was too much for Baltimore, Chicago winning easily. Quinn was easy for the visitors and he retired in the sixth.

	R.	H.	E.
Chicago	11	010	032 005—11
Baltimore	4	010	000 102—4

Batteries—McConnell, Johnson and Wilson, Clements; Quinn, Connolly, Vereker and Owens.

### Newark 4; Pittsburgh, 2.

Newark, June 22.—Newark defeated Pittsburgh for the fourth time in five games.

	R.	H.	E.
Pittsburgh	2	000	010 001—2
Newark	4	000	002 20x—4

Batteries—Kretzer, LeClair and Berry; Moran and Rariden.

The Sox have changed from the hitless wonders to the hitting wonders this year. E. Collins, Fournier, J. Collins, Schalk and Daly are all hitting over the 300 mark. All but Daly are regulars. One can see what this means in the winning of games. In addition Buck Weaver is getting back to form and also is hitting close to the 300 mark. The team is leading American league in hitting which probably accounts for the fact that it is on top.

#### Smith's Batting and Coombs' Wildness Responsible for Boston Victory—Pirates Defeat Red's.

Boston, June 22.—Smith's batting and Coombs' wildness gave Boston three runs in the first three innings, enough to win from Brooklyn. The visitors bunched hits for their runs in the seventh. Score:

### Honus Wagner the Great.

Honus Wagner, the greatest of them all, Monday in the game with Philadelphia which resulted in a victory for Pittsburgh in the thirteenth inning. Wagner made his one hundredth home run since coming to the major leagues. It also brought his total number of hits up to 3,131. He made his first home run while with Louisville in 1897.

This is truly a wonderful record. Few players survive eighteen years of major league baseball much less always remain near the top. In these eighteen years of service Wagner has always been over the three hundred mark in hitting with the exception of two years. In many of these years he has been the leading batsman of the old league. In addition to this he has played wonderful game in the field, not always at shortstop but sometimes at first base and again in right field. In all of them he was the same wonderful Wagner. For a big man he was wonderfully fast and a great base runner. For his fleetness many years ago he received the sobriquet of the "Flying Dutchman".

But even more wonderful to most fans and to the public at large than his playing ability is his record as a gentleman on the ball field. During his long term of service Wagner has never been put out of a game by the umpire. When one considers that he has been with a team that with but few exceptions has always been fighting for a pennant and has won several as well as a world's championship this record will stand for many years in the annals of major league baseball. Long live Wagner, the Peerless.

### Pittsburgh 3, Cincinnati 1.

Cincinnati, June 22.—McQuillan pitched good ball against Cincinnati and as a result Pittsburgh won. Pittsburgh scored its first two on three successive hits and on an error.

	R.	H.	E.
Pittsburgh	3	020	001 000—3
Cincinnati	1	000	000 100—1

Batteries—McQuillan and Gibson; Schneider, Toney and Wingo.  
Philadelphia 1, New York 1.  
New York, June 22.—New York and Philadelphia fought a spirited nine-inning tie, a heavy storm ending a pitchers' battle between Marquard and Alexander. New York did not make a hit after the first inning, when a double by Lobert and Doyle's single enabled the Giants to tie the score.

	R.	H.	E.
Philadelphia	1	10	000 000—1
New York	1	100	000 000—1

Batteries—Alexander and Kilmer; Marquard and Meyers.

### "MORNING GLANCES" (By Gosh)

Washington beat the Boston Red Sox yesterday by a score of 7 to 4.

Both Foster and Pennock were batted hard. Boston also knocked Ayers from the rubber in the sixth. The Braves put it on Brooklyn yesterday through the aid of Smith's hitting and Coombs' wildness. The final score was 3 to 2.

After making three runs off of Crandall in the first inning Watson went for St. Louis and held Brooklyn scoreless and St. Louis finally overcame the lead and won 4 to 3.

Newark seems to have Pittsburgh number in the Federal league. Yesterday they won for the fourth time in five games, the score being 4 to 2.

The White Sox made it three straight from Cleveland by winning yesterday 9 to 6. The Sox put the game on ice in the third when they pushed four runs over.

Buck Weaver had three boots yesterday but then he goes after everything and while he makes errors he gets lots of balls that get away from the average short stop.

Lena Blackburne is playing the best game of his career since going to the far corner as a regular. Blackburne has had his ups and

downs as a big leaguer and has gone back a couple of times. It looks now as though he has Breton and the rest beat for the third base job.

McQuillan pitched steadily yesterday and the Pirates beat the Reds 3 to 1. Toney also pitched good ball for the Reds but bunched hits in the second beat him.

New York and Philadelphia fought nine innings to a tie Tuesday. It was a pitchers battle between Marquard and Alexander. Alexander held New York to two hits both made in the first inning. Each scored its lone run in the first.

A total of thirty-eight hits was the record of Detroit and St. Louis in their contest Tuesday. The game was fifteen innings and was won by St. Louis, four runs being made of Coveleskie in that inning. St. Louis used four pitchers and Detroit three. In spite of the hard hitting only two errors were made by each team.

Red Smith is certainly playing great ball for the Braves. Last fall just before the season closed he broke his leg and was out of the world's series. Deal filled in acceptably but is not the player that Smith is. If Evers could get back now Boston would have some infield and would look good to repeat.

## COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could  
Not Do Her Work—Found  
Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

**Not Well Enough to Work.**  
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

C. F. Story was a county seat visitor Saturday.

Charles Dalton is the possessor of a new buggy.

Most of our farmers have been able to get over their corn once by plowing some of the ground when rather wet. Several who had corn on the bottom lands have been able to get in to replant.

William Henry, an old and respected citizen, died at his home three miles northwest of here Wednesday at the age of 85 years. He had lived in this region over fifty years and was one of the first members of the Baptist church. He had been a Christian over sixty years and lived an upright and devoted life. He will be badly missed in the neighborhood, as he was good to help all in time of need.

A heavy rain fell here Sunday evening, doing much damage. Much corn that had been replanted was washed out. Wheat is badly down and fruit much damaged.

### ARNOLD.

The Woman's Country club entertained the ladies of the Franklin club at a picnic dinner at the home of Mrs. W. H. Hindrichsen in Alexander last Tuesday. After the dinner a short program was given. At a late hour the guests departed, feeling they had spent a very pleasant day.

Mrs. Mattie Mathews of Kansas City is visiting at the home of her brother, Henry Welbourn.

Lloyd Magill attended the I. O. O. F. memorial service at the Central Christian church of Jacksonville Sunday. There was a large attendance of both orders.

### CONCORD.

Earl Johnson, son of Dr. A. J. Johnson, had the misfortune to fall and break his leg, a very bad fracture, while visiting his grandparents at Astoria. He was in an elm tree getting a switch when he fell and the doctors at Astoria deemed it best to bring him to Passavant hospital where they could more easily care for him. Every one extends sympathy to Dr. and Mrs. Johnson and wish for an adjustment that will leave him as he was before the accident.

Mrs. John McGinnis of Jacksonville visited her mother, Mrs. Mary Ator, and other relatives over Sunday.

Mrs. Hatfield went to Jacksonville Monday for a visit.

## Brief News Close to Home

**Steel Markers**—County Superintendent of Highways R. W. Osborn of Pontiac has received from the manufacturer the first 250 enameled steel markers which are to be used in marking the Pontiac Trail from Chicago to St. Louis.

**Fortune Maker Dead**—Jesse Irwin, a gambler, well known to race track followers throughout the country, was killed in an automobile accident in Chicago. Irwin was reputed to have won and lost a fortune. He operated at all tracks in the country. In the last two years, however, he has been engaged in the real estate business. He was 37 years old.

**Ballplayer Drowned**—Bruce McKenzie, a ballplayer, was drowned while bathing with others in the power house reservoir north of Harrisburg. His companions attempted to rescue him without success. The body has not yet been recovered.

**Physician Electrocuted**—Dr. H. J. Sperry, prominent physician, druggist and manager of the electric light plant of Hulls, was electrocuted Monday morning at 6:15 o'clock when 2,300 volts of electricity transmitted to a wire supporting a street lamp, passed through his body. Dr. Sperry tried to lower the street light, but the high voltage wire had caused the high voltage wire to sag and come in contact with the street light wire.

**Body Found in River**—The body of Albert Hood, farmer of Jackson county, who disappeared June 5th, was found in Big Muddy river near Sandridge. It is thought Hood was murdered and his body thrown into the river near Murphysboro. The coroner has begun an investigation. Hood is said to have relatives who are prominently identified with the Erie railroad.

**Foolish Attempts Fatal**—While attempting to smoke a cigarette under water Alsea Waynack was drowned in Lake Chautauqua near Galesburg.

**Wind Causes Wreck**—Two loaded cars standing on the business track of the Illinois Central at Farmersville were blown out on the main line during a severe storm Monday evening and demolished by a south-bound Illinois Central freight train a short time later. No one was injured but traffic was delayed for several hours.

**Commits Suicide**—John Hebel, a wealthy grain broker formerly of Decatur, shot himself with suicidal intent Monday afternoon in his home in Los Angeles, Cal. Mr. Hebel was living when found but died shortly afterward in the Los Angeles Receiving hospital.

**Teacher Has Small Pox**—Theodore Schultz, who has been assisting in teaching at the Lutheran school at Pleasant Plains, is now confined to the Springfield Isolation hospital, north of this city, with a serious case of smallpox. Schultz was removed from Concordia college to the hospital yesterday morning. When doctors pronounced his case as smallpox.

**Storm Damage in South**—The wind wrought heavy damage in its sweep over southeastern Illinois Monday. Carmi wagon bridge, erected in 1877, went down, and dwellings, barns and telephone lines felt its force. A heavy rain battered the growing corn into the ground. Four coaches on a Louisville and Nashville passenger train went into a ditch fifteen miles west of Carmi. No lives were lost.

**Publishers Incorporate**—The Cass County Publishing company of Virginia was incorporated by the secretary of state Monday to do a general printing business and to publish newspapers and periodicals. The capital stock is \$10,000 and the incorporators are P. Timmerberg, William Schobert and A. V. Somerby.

**Curran Man in Trouble**—Ed Molloy, a farm hand residing near Curran, was taken to Springfield with a badly mutilated face as a result, it is stated, of a battle with his employer, H. L. Kinter, a well known farmer. Molloy was taken to St. John's hospital where an effort was made to save the sight of one eye.

**Capt. Bassett Dead**—Captain Chas. E. Bassett, superintendent of the Illinois Soldiers' Orphans' Home died Sunday evening. Capt. Bassett had been ill for two months, a general breakdown being due to advanced age. During the last two weeks of his illness he was confined to his bed.

**Weds on Graduation Day**—Still wearing the new white dress in which he had received her diploma from the Geneva high school at the commencement exercises a few hours before, and blushing from the strangeness of being so far away from home so late at night, Miss Myrtle Allen, 17 years old, was married to Ralph Gale of LaVoy at midnight last night at the parsonage of the First Methodist church of Aurora by Rev. James O'May.

**Saves Small Girl**—Quick action by Arthur W. M. Lyons, regardless of danger to himself, saved the life of a small girl on the Wabash tracks at Decatur Saturday evening. The girl was walking along the track when Continental Limited train No. 1, just hitting a fast speed, bore down upon her. Lyons saw her danger and without waiting a minute plunged in front of the locomotive, grabbed the girl in his arms, and bore her to safety. The engine was then only about five feet from the girl, and coming fast.

**Failed to Give Information**—J. E. Murphy of Belvidere, agent for the Rockford and Interurban and the Elgin and Belvidere electric lines, was fined \$200 and costs for failure to comply with a city ordinance which provides that city officials shall be provided with information regarding shipments of liquors into Belvidere and the names of those to whom such liquors are consigned.

**WERE IN SPRINGFIELD.**  
Sheriff Grant Graff, Chief Police George P. Davis and States Attorney Robert Tilton went to Springfield Tuesday in Mr. Graff's car.

SAFETY AND SERVICE.AUSTRIAN ADVANCE CONTINUES  
AT THE NORMAL DAILY PACE

Teutons Sweep Through Advance  
Russ Positions Before Lemberg—  
Within Artillery Range of City.

Austrian Headquarters, June 22—via London, June 23.—Despite the Russian resistance in Galicia continues at a normal daily pace. The Austro-German troops have swept through the advanced Russian position before Lemberg and are now within artillery range of the city.

The Russians along the whole line are abandoning as much Galician territory each day before the energetic offensive as their infantry can cover in twenty-four hours' marching. The normal rate of this advance has been checked only on the lower San river. The Russians here defended the Sieniawa positions against the assaults of Archduke Francis Joseph's army until the last possible moment and retired only when the front farther to the south had been broken. Their tenacity enabled the disrupted troops to the southward to make a fairly creditable retreat to the fortified lines some distance in the rear.

As a consequence however, a big hole has been opened between the two Russian armies which are now fighting separately and are unable to effect a junction on this side of the Russian frontier.

Russian prisoners explain that the comparatively small booty in artillery was due to the orders from Russian headquarters to the battery commanders to save the guns at all hazards. Battery commanders were informed that they would be held personally responsible for the loss of every gun.

CITY ENTITLED TO ONE HALF OF TAX  
LEVIED BY HIGHWAY COMMISSIONERS

Since the passage of the new highway law by the legislature, in which it provides that all cities, towns and villages must become part of a road district, there has been more or less misunderstanding as to the rights of municipalities. Attorney General P. J. Lucey recently gave an opinion to an Illinois city that will not only be of interest, but may be of some value to the city council of Jacksonville. The opinion is to E. J. Leterding, town clerk of Bushnell, Ill., and is as follows:

"Dear Sir: I am in receipt of your favor of the 22d instant and note statement substantially as follows:

That it has been the practice of the city of Bushnell, which is situated in Bushnell township, to demand the full amount of taxes levied by highway commissioners on all property within the corporate limits of the city.

Your inquiry is whether the city is entitled to all or any part of the levy made by highway commissioners.

In reply I will say Section 56 of the revised road and bridge act, provides as follows:

"At a regular meeting to be held on the first Tuesday in September the board of highway commissioners in each town or road district shall annually determine and certify to the board of supervisors or board of county commissioners (as may be necessary) to be raised by taxation for the proper construction, maintenance and repair of roads and bridges in such town or road district. Such certificate shall be filed in the office of the county clerk and by that official presented to the county board at their regular September meeting for their consideration. The amount so certified, if approved by the county board or such part thereof as the said board shall approve shall be extended by the county clerk as taxes against the taxable property of such town or district; provided, however, that the county clerk shall not extend against the taxable property of any town or road district a rate in excess of sixty-one (61) cents on each one hundred dollars valuation of the taxable property of the town or district, and if the amount of taxes approved by the county board shall be in excess of such rate it shall be the duty of the clerk to reduce the same to said rate of sixty-one cents upon each one hundred dollars of the assessed valuation of said town or district."

Section 59 of said act contains the following proviso:

"Provided that one-half of the tax required to be levied in section 56 and collected for road and bridge purposes, on the property lying within an incorporated village, town or city in which the streets and alleys are under the care of the corporation, shall be paid over to the treasurer of such village, town or city, to be appropriated to the improvement of roads, streets and bridges, either within or without said village, town or city, and within the township, under the direction of the corporate authorities of such village, town or city."

It will be noted that under the proviso above quoted an incorporated village, town or city, in which the streets and alleys are under the care of the corporation, is entitled to one-half of the tax levied and collected for the construction, maintenance and repair of roads and bridges, levied by highway commissioners under section 56, on property lying within such village, town or city, to be paid to the treasurer thereof; which amount may be appropriated by the village, town or city to the improvement of streets and alleys within the corporate limits, or may be appropriated for the improvement of roads within the township, outside of the village, town or city, under the direction of the corporate authorities of such village, town or city.

Section 6 of the road and bridge act of 1883 contained a proviso similar to the one above quoted, concerning the apportionment of taxes levied by highway commissioners under sections 3 and 4 of that act. Very respectfully,

P. J. Lucey,

Attorney General

MAKES BAD TRAIN SERVICE. The recent change in railroad time and connections on the Wabash is bad for both Meredosia and Jacksonville. Owing to the fact that practically no change has been made in the arrival and departure of trains from here but little attention was given to the notice or change published but the only way now that shoppers or others having business here who live in Meredosia and vicinity can get home is to take the flyer leaving here about two o'clock. This gives but a few hours in the city. The afternoon train leaving here at 5:11 does not make a connection at Bufile with the Meredosia division. The new arrangement means a loss of trade here.

100 CASES SMALL POX IN QUINCY.

Dr. E. F. Baker of Jacksonville, representative of the State Board of Health, has been here for several days investigating local conditions. Dr. Baker had heard some wild rumors concerning smallpox in this city. These stories he found exaggerated beyond all bounds. He did find 100 cases of the disease here, but 94 of them are of such a light form that all that is needed to control the disease is strict and rational quarantine, with public cooperation. #### VISIT MANY PLACES IN INTEREST OF 4TH. OF JULY CELEBRATION

Independence Day Expected to Draw Large Crowd to Jacksonville Monday—Two Balloon Ascensions.

The advertising committee of the 4th of July celebration to be held July 5th spent a busy time Tuesday when they visited Arnold, Orleans, Alexander, Island Grove, New Berlin, Old Berlin, Pleasant Plains, Ashland, Philadelphia, Virginia, Prentice, Yatesville and Sinclair. Bills were posted, tags given out, and everyone expressed the sentiment that they would be here on that day. The roads were found to be in good condition for traveling via auto.

A special feature of the celebration will be two balloon ascensions by Mr. Hunt of Springfield. He has agreed to go "extra high" and will make parachute leaps each time. The ascensions are at 12 o'clock and at 4 o'clock.

The free vaudeville acts promise to be drawing cards. There will be three platforms, one at the court house, another on the northwest corner of the square and the third on East State street, near the post office. There will be three vaudeville acts on each platform.

The committee expects to scatter bills in the northwestern part of the county today.

**SUNDAY SCHOOL CONVENTION**  
One of the most successful Sunday school conventions ever held in Morgan county was held at Hebron Sunday afternoon, June 20, at 2:30 o'clock, when the following program was given:

Song, "Nearer, My God, to Thee"  
Prayer—Rev. W. E. Spooner.  
Scripture lesson, Psalm 24, read by the ladies' bible class.  
Song by the audience.  
Reading, "The Little White Shoes"—Miss Esther Spooner.  
Duet, "My Mother's Face"—Mrs. W. H. Crum and Miss Wilma Crum.  
Address, "The Call of Jesus Christ to the Young Men of Today"—Alva T. Snyder.  
"Echoes From the State Convention"—Rev. C. G. Cantal.  
Solo, "Jesus, Lover of My Soul"—Miss Esther Spooner.  
Address, "Girls Meaner Than Boys"—Rev. W. E. Spooner.  
Offering, \$8.80.  
Song, "God be With You Till We Meet Again."  
Benediction—Rev. C. G. Cantal.  
Our efficient president, W. H. Crum, was present, lending his influence in every way to make the convention a success.

**MISSION STUDY CIRCLE PICNIC.**  
An active and useful religious body in this city is the Mission Study Circle of the Congregational church. The members meet once a month and study questions pertaining to the great work of carrying the gospel to those not blessed with it and in that way do much toward keeping up an interest in the blessed cause.

The last meeting of the season is generally in the form of a picnic to which all members of the church and congregation are invited. This time it was held at the beautiful home of J. W. Bowen on the corner of Moun and Lincoln avenues. The shady lawn was in perfect shape and all was propitious for a happy gathering and the affair was a great success. Flowers adorned the place and an abundant supper gratified all who were fortunate enough to be present. There was enough for many more and it was of the best and fully enjoyed while the hospitality of Mr. Bowen and his wife was a happy feature of the occasion.

#### FARMERS URGED TO JOIN IN FIGHT ON HESSIAN FLY

Neighborhood Effort is Necessary if Anything Worth While is Accomplished—Fly Destroys Millions of Dollars Worth of Wheat Annually.

Now is the time to begin fighting the Hessian fly, which each year it is claimed destroys 50,000,000 bushels of wheat for the American farmer. The council of grain exchanges is now issuing appeals to farmers everywhere to join in a movement for July plowing. If wheat is cut high and the stubble turned under within two weeks, it is said that the Hessian fly can certainly be killed. The grain council circular referred to makes the appeal as follows:

"We feed 50,000,000 bushels of good wheat to the Hessian fly every year, to say nothing of what it costs us to feed our chinch bugs and other pests, and have only ourselves to blame. There is only one subject on which all farmers agree, and that is high taxes. They want pay for sheep killed by the neighbors' dogs. Why not ask pay for the wheat killed by the neighbor's Hessian flies?"

"Get together. Every neighborhood should have a Farmers' club and appoint a Hessian fly committee."

"Cut the wheat high, above the second joint. Remove the grain from the field and stack it somewhere else. The fly in now in the resting stage and the safest way and only sure plan is for every farmer to plow every acre deeply and thoroughly within two weeks after harvest, turning under the stubble completely and then dragging early. This will fix Mr. Fly."

"This early complete plowing will not only reduce the fly, but will be a great benefit to next year's crop. It does not let the field dry out after harvest and gets it ready to hold all the moisture which is so badly needed in most sections. It is stated that other things being equal, three acres plowed in July are worth five acres plowed in September."

**JOHN SMETTERS IN CITY.**  
John Smetters of Waverly was in the city Tuesday on business. Mr. Smetters was for several years public engineer under Mayor John R. Davis. He resigned his position and since that time has been engaged in farming near Waverly.

#### WINCHESTER

Mrs. Edward J. Franklin has returned to Koskogen, Oklahoma after a visit with Mr. and Mrs. Jane Edmundson.

Mr. and Mrs. Richard Coultas accompanied their daughter Caroline to St. Louis. From there she will leave Tuesday for New York.

Mr. and Mrs. Charles Ross of Alsey visited friends here Tuesday.

The mayorality election contest was the chief topic of conversation today, which is going on, under the direction of Judge Jones. At ten o'clock Tuesday a start was made in counting the ballots. Court will convene again this morning at nine o'clock.

Mrs. J. W. Eckman expected to arrive home last night from Denver, Colo. where she has been visiting for the past three weeks.

Mrs. Edward Smith and family have returned from Alton where they have been visiting with relatives.

Mr. and Mrs. Thomas Bean and Mr. and Mrs. Robert Moore went to Merritt Tuesday in Mr. Bean's auto.

"Old Glory" salutes, a big noise for one cent at Coover & Shreve's, West Side Square.

#### WHEAT HARVEST BEGINS.

Already there are beginnings of harvest and soon it will be in full blast, weather permitting. In the vicinity of Providence some fields have been entered by the reaper while the McNeely brothers near Lynnville began last week in their fields. They have high, rolling land and smooth wheat which makes earlier harvesting than different conditions. In the vicinity of Murrayville rye fields are being invaded by the binder and soon their crops will be in shock.

#### NOTICE.

The public is hereby warned against the discharge of fire crackers and fire arms before July 4th. The ordinance governing the matter will be strictly enforced.

George P. Davis, Chief of Police.

#### ENTERTAINED FOR SISTER.

Mrs. L. A. Kellogg of 1061 Grove street entertained a company of lady friends at an informal tea Tuesday afternoon. The event was given in honor of her sister, Mrs. James E. Munroe of Chicago. The occasion was one of much pleasure for those present.

Men can secure a better straw hat this season than ever at FRANK BYRNS' Hat Store.

#### MATRIMONIAL

De Tompkins-Dunbar.

Rexford De Tompkins, a druggist of Griggsville, was married in Mt. Sterling recently to Miss Elisabeth E. Dunbar, the ceremony being performed by Rev. Howard D. French of this city. Before the ceremony, with Miss Ruth Duncan at the piano, Miss Nina Slaton sang, "A Perfect Day," "Oh Promise Me," and "I Love You Truly."

The bride is a former student of the Woman's College and several of her college friends were present including Misses Vera Tomlin, Nina Slaton, Springfield; Susan Rehman, Edwardsville; Mary Turner, Bessie Condee, Violette Briggs and Ruth Duncan, Mt. Sterling; Byrla Vickery, Dwight and Helen Moore, Raymond. Mr. Tompkins conducts a drug store in Barry, Ill. The young people took a wedding trip to San Francisco.

#### Melton-Waibling.

Friends here have received announcement of the recent marriage of James Strawbridge Melton and Miss Ida Lucille Waibling at the bride's parents in Spokane. The groom is a son of Capt. J. W. Melton of this city but has been a resident in west for a number of years. He was in Los Angeles for some time and more recently has been in charge of Capt. Melton's ranch in Idaho.

#### ARRESTED FOR ASSAULT AND BATTERY.

Forrest Harris colored, was arrested by Officer Moore Tuesday evening for assault and battery on Frances House, also colored. The trouble occurred on West Morgan street about 8:30 o'clock. It seems that Harris about three weeks ago had trouble with the House woman and was placed under a peace bond. The bond, however, did not seem to have much restraint on him. It is probable that his escapade will land him in jail.

#### ARRIVE FROM CALIFORNIA.

W. T. Dodsworth and son Willard have arrived in Morgan county from Berkeley, Calif., and will be here for the next three months. They made the journey from California by the southern route and Mr. Dodsworth said yesterday that the heavy rains have been universal. He saw wet fields in practically every locality through which he passed and at one point in Missouri on the Frisco the rain storm was so severe that the engineer delayed the train for some time until the storm had abated.
